SCUBA DIVING

FIRST TIME

For those without experience, Coral Hotel offers introductory scuba diving course. The first trial is in our swimming-pool. If all goes well, the instructor may then escort you to a coral reef on Kho Thalu, in order for you to experience a real dive.

EXPERIENCED

For those who are already certified, you have the option, to go directly to the island for “fun diving”

- Kho Thalu, Kho Sing and Kho Sang 6 meters to 10 meters
- Ran Phet and Ran Gai 6 meters to 30 meters

WHAT WILL YOU SEE?

The dive guide will pick you up and take you away for visiting the most beautiful spots around Bang Saphan. Discover a different diving areas from 6 meters to 30 meters in depth. Our diving sites are extremely rich in coral and count amongst some of the richest in South East Asia. Observe not only the numerous sponges and amazing variety of fish (barracudas, parrot fish, rays ...) but also turtles and, if you're lucky, a family of dolphins.

Visibility is generally between 5 and 25 meters depending on the chosen area and the time of the year. The sites are varied in depth and you will find swim throughs, drop offs, boulders, corals and chimneys.

The best time for diving is between March and the end of September. Diving the rest of the year is dependant on weather conditions.

OUR MONITOR

Dives are executed by certificate professionals.

We furnish full equipment for 4 divers on our speed boat.
